Whalley, Wiswell & Barrow Cemetery Information

Whalley, Wiswell & Barrow Cemetery is nestled in a serene and secluded area between the villages of Whalley and Barrow. This peaceful setting provides a charming burial ground for the community. The cemetery offers traditional burials, pathside and woodland burials for ashes, and the scattering of cremated remains.

Location and Management The cemetery is located on Clitheroe Road, Whalley, and is jointly owned by Whalley, Wiswell, and Barrow Parish Councils. It is managed by the Whalley, Wiswell & Barrow Joint Burial Committee, a sub-committee of Whalley Parish Council. The management of the cemetery is governed by the Local Authorities Cemeteries Order 1977, as amended by the Local Authorities' (Amendment) Order 1986, along with other relevant regulations from the Secretary of State for the Home Office.

Lawn Cemetery & Pathside Plots The main area of the burial ground is a well-maintained lawn, divided into two distinct sections: one for the Roman Catholic faith and the other for the Church of England and other faiths. The Church of England side features pathside plots for the interment of ashes, while the Roman Catholic side includes hedgerow plots for ashes. Grave plots can accommodate up to two interments and up to four caskets of ashes.

Woodland Area Our woodland area is dedicated exclusively to the interment of ashes and offers a beautiful alternative to traditional burial settings. Surrounded by a stream and set amongst trees, this area provides a perfect setting to remember your loved ones. Each woodland burial plot can hold up to four caskets of ashes. The area features paths for easy navigation and benches for contemplation, with minimal interference to encourage the natural habitat.

Our groundsman ensures the cemetery is regularly maintained to a high standard.

Memorials All memorials and inscriptions must be applied for and approved by the cemetery to ensure they meet our standards.

Reserving a Plot You can reserve a grave plot for future use by applying to the cemetery and paying the appropriate fee. Upon allocation, an Exclusive Rights of Burial Grant will be issued as proof of ownership.

Funeral Arrangements You may choose your own form of burial service, whether it be religious, personal, or no service at all. If you use a funeral director, they will coordinate all arrangements with the Registrar in accordance with Cemetery Policy. For other arrangements, the Registrar will handle all necessary paperwork and organise the interment.

Visiting the Burial Ground The cemetery is open from 7:30 am to sunset. We ask that children are accompanied and that dogs are kept on a lead at all times and cleaned up

after. There is no dedicated car park, but there is a turning circle and entrance area, which must be kept clear during a burial in progress. Unrestricted parking is available on the main road.

Fees We offer Parish Rates for residents of Whalley, Wiswell, and Barrow, and Standard Rates for residents outside these parishes. Fees are available upon request.

For more information or to make arrangements, please contact the Cemetery.

The Lawn area of the cemetery is for grave burial plots of up to two interments.

An application form must be completed with a BRAMM registered stone mason providing illustrations for approval, and the appropriate fees paid before erecting a headstone.

9.2 Memorial Headstone Specifications

Lawn headstones must be of natural stone or granite and stand vertical, subject to approval by the Cemetery. Headstones must be vertical, not exceed 42" x 20" (107cm x 51cm) and must be made of stone or granite.

9.3 Plot Allocation

The Cemetery will allocate plot sites based on ground suitability and maintain a location plan.

9.4 Grave Plot Memorial Items

Only the following items are allowed:

- One metal/plastic spiked flower holder directly at each side of the base of the headstone in the grass but not at the front.
- Firmly fixed porcelain or fragile items (excluding glass) on the plinth.
- Naturalized spring flowering bulbs are allowed along the length of the grave. These will be mowed after flowering.
- Non-breakable planters, tubs, vases, and ornaments are permitted on the plinth of the headstone only.

- Christmas wreaths (must be removed within two months).

- Spiked solar lights / Spiked decorative hanging items
- Battery operated lights or lanterns

Prohibited items and items outside of headstone stone areas may be removed and left by the entrance area for a period of 28 days' for collection by the owners.

9.6 Grave Maintenance

It is usual for graves to subside after a burial. How much subsidence occurs depends on the weather and ground conditions. We regularly monitor and inspect graves after an interment and top up the grave as required following a burial and thereafter level and seed with grass.

Planters or tubs are not allowed on a grave plot unless at the base as stated earlier as this impedes grounds maintenance when using machinery.

Graveyard maintenance is undertaken by professional contractors and the graves flowers, tributes etc are kept tidy by the committee volunteers. Relatives and friends are encouraged to remove floral tributes at a suitable time after the funeral and to regularly visit the grave plot to check condition.

Similarly we encourage the timely removal of Christmas tributes.

9.7 Funeral flowers and wreaths

Funeral flowers and wreaths may stay on the grave for approximately four weeks following a burial after which if not removed will be disposed of by the Cemetery.

Christmas wreaths will be removed early March and disposed of.

If you have concerns regarding your grave plot please contact the cemetery.

13. Exclusive Rights of Burial

When you purchase a grave at Whalley, Wiswell & Barrow Cemetery, you have the Exclusive Right of Burial for a specific period: Fifty years for a coffin or casket grave and cremation remains grave.

The ownership of the grave and the cemetery land remains with us.

An Exclusive Right of Burial Grant will be issued to the named person reserving the plot or stated on our interment form.

Only the Registered Owner(s) has the right to allow a burial to take place in the grave.

No memorial may be placed on the grave without the written permission of the grave owner during the period of the Exclusive Right of Burial.

If you are the Registered Owner of the Exclusive Right of Burial Grant, you have the automatic right to be buried in the grave. You may also allow others to be buried in the grave (space permitting).

Ownership of the Exclusive Right of Burial is very important.

Ownership can be transferred either during the owner's lifetime or after their death.

A fee is payable for the interment at the time of burial and a fee is also payable for the installation of a memorial.

The Exclusive Right of burial may be extended within six months of the end of the Grant for a further term of twenty-five years; please contact the Cemetery for details.

The Council's records contain the details of the registered grave owners. However, it is important that the grave owners keep their Exclusive Right of Burial document safe.

The Council issues this document when the grave is first purchased and should be produced for each burial.

Possession of the Deed does not in itself signify ownership of the Exclusive Right.

You should ensure a living person has responsibility of the grave and a TRANSFER OF TITLE of the EXCLUSIVE RIGHTS OF BURIAL must take place in the event of a grave holders death to maintain ownership and responsibility of the grave. Ownership of grave plots can be passed to executors of wills or through grant of probate.

13.1 When do you need to transfer ownership of the Exclusive Right of Burial?

In the following circumstances transfer of the ownership will be required:

- The registered owner decided to assign the grave to someone else
- An applications is made for a burial in the grave but the registered owner is previously deceased
- An application to place a memorial/additional inscription on the grave is made but the registered owner is previously deceased
- If the registered owner has recently died. This makes future arrangements easier if there is a living registered owner

For details on grant transfers please contact the Cemetery for further details.

***IMPORTANT INFORMATION**

It is important that you keep your contact information details up to date with the cemetery in case we need to contact you about your plot.
