Reserves: The Council must review its level of reserves and whilst there are no statutory levels only guidance, significant levels may give rise to comment by the Council's auditor.

Whalley Parish Council holds it reserves in line with those set out in the Joint Panel of Accountability and Governance March 2023 (p38 5.30-5.38) in that they are maintained at between three and twelve-months Net Revenue Expenditure. The smaller the authority, the closer the figure may be to 12 months expenditure,

Note: General Reserves have increased due to slower-than-expected progress on funds allocated to the QEII development project. The Parish Council will review these allocations at the end of the financial year and consider earmarking the funds for this specific purpose.
