	Cllr Ball noted that the proposed renovation of the churchyard path, which was under consideration for flagging, would necessitate a faculty decision. However, there was a consensus that further investigation was needed before proceeding with an application to the Diocese, especially considering that the church is a listed building. Cllr Ball is to call a meeting of the Churchyard Committee.	2423/24
	Cllr Vickers reported that the Barrett estate at Lamb Roe is nearing completion. The footpath down to the railway line is now complete. Outdoor gym equipment has been installed around the development.	2424/24
	Cllr Brown reported that she has been contacted by a resident (email previously circulated to Cllrs) on Back King Street with regards to the level of traffic on the section between the part that joins the main road and the corner where the matter of concern meets it. It was commented that it is an extremely busy corner and many times when residents try to enter from the main road, they can be forced to reverse back onto the main road of King Street. The Council have sought advice from RVBC and understand that as it is an unadopted road with unregistered sections, it is a civil matter and residents will have to seek their own legal advice.	2425/24
	Cllr Brown reported that she has received thanks from the recipients of the grant monies approved by the Council.	2426/24
	Cllr Allen reported that double parking and inconsiderate parking on Woodland Park is causing issues for pedestrians, pedestrians with prams and wheelchairs and other road users. The traffic wardens are to be informed and further monitoring of the situation before approaching the Police.	2427/24
	Cllr Threlfall reported that LCC had been jetting gullies on Mitton Road.	2428/24
	Cllr Highton has received complaints from residents around Calder Vale of waste bins being left on the street outside of the days of refuse collections. This has been raised with RVBC.	2429/24

17.	Employment Matters	
	It was resolved to exclude Press & Public for this item as the Council discussed ongoing employment matters. The notes for this item are private and confidential as may prejudice an ongoing employment tribunal. Appendix A-17-2430/24	2430/24

Policy on Risk Management and Risk Register

This Policy sets out the Parish Council's position and procedure regarding Risk Management

Version Control

Version	Date	Description of Change
V.1	16.3.23	New Policy

Risk is a threat that an event or action will adversely affect the council's ability to achieve its objectives, implement its strategies and provide its services.

Risk management is the process by which risks are identified, evaluated, addressed and reviewed.

Whalley Parish Council recognises that it has a responsibility to take all reasonable and practical measures to safeguard its employees, the people it works with and provides services for; and to protect the natural and built environments for which it is responsible.

The council is aware that some risks cannot be eliminated fully and has in place a strategy that provides a structured, systematic and focused approach to managing risk and including where necessary, the introduction of internal controls and/or appropriate use of insurance cover.

The objectives of the risk management policy are to:

- Integrate risk management into the culture of the council
- · Manage risk in accordance with best practice and legislative requirements
- Minimise loss, disruption, injury and damages
- Inform policy and operational decisions by identifying risks and their likely impact
- · Raise awareness of the need for risk management
- To promote good corporate governance

It is the responsibility of all Members and staff to have regard for risk management whilst carrying out their duties.

These objectives will be achieved by:

- Identification of risk
- Undertaking risk assessments assigning risk factor High, Medium or Low (H/M/L).
- Managing the risk and recording actions
- Incorporating risk management considerations into council processes
- Providing appropriate training
- · Establishing clear roles, responsibilities and reporting lines
- Effective communication and active involvement of, employees and members of the Council.
- Monitoring and Reporting

Following evaluation there are four main control options to manage the risk:

Terminate the risk – take a decision to discontinue the activity.

Transfer the risk – the risk is 'passed' on e.g. to an insurer.

Treat the risk – put in place additional controls to reduce the impact or likelihood.

Tolerate the risk – accept the risk but continue to monitor and evaluate.

The risk register enables Whalley Parish Council to assess the risks that it faces and confirm that it has taken appropriate steps to manage those risks.

An annual review of the risk management arrangements for the Parish Council will be conducted by the Full Council.

ITEM 10.2 (9 PAGES)

Risk Management Register 2024/2025

This document has been produced to enable the Parish Council to assess the risk of all of its functions, and to satisfy that it has taken adequate steps to minimise this risk. In conducting this exercise, the following process has been followed in accordance with Whalley Parish Council's Policy on Risk Management:

- 1. Identify the areas to be reviewed.
- 2. Identify what the risk might be, and whether this is High, Medium or Low (H/M/L).
- 3. Evaluate the management and control of the risk and record all findings.
- 4. Review, assess and revise the above steps on a regular basis.

V.1		Terms of Reference Adopted

CHURCHYARD COMMITTEE TERMS OF REFERENCE

BACKGROUND

The responsibility for the maintenance of a churchyard only changes when a Parochial Church Council (PCC) decides to give notice under Section 215 of the Local Government Act 1972 to their appropriate local authority seeking closure and transfer of this responsibility.

Under this Act, the PCC of St. Mary & All Saints, Whalley sought to close the Churchyard, requesting Whalley Parish Council to take over the responsibility of maintaining the churchyard.

Although maintenance responsibility was transferred in this way, the legal ownership of Whalley churchyard remains unaffected and all other rights, powers and functions remain under the control of the incumbent of the Parish. The churchyard also remains a consecrated area and subject to Faculty jurisdiction, so Whalley Parish Council must apply for a faculty or Archdeacon's authorisation for any works in the churchyard other than routine maintenance. Since the responsibility of upkeep of the Churchyard has transferred to Whalley Parish Council no further burials are permitted with certain exceptions:

- 1. Where a faculty has been granted to reserve a grave space, the person named in that faculty may be buried.
- 2. a body may be buried in the same grave as a relative.
- 3. burials may take place in existing walled graves or vaults which have room for further interments.

The Local Government Act 1972 also makes provision for the interment of cremated remains if either a Faculty is granted which authorises the interment, or the cremated remains are to be buried in an area set aside in a designated Garden of Remembrance (which has been authorised by faculty).

OBJECTIVE

The Churchyard Committee is constituted to oversee the maintenance, cleanliness, and safety of the closed churchyard within the Parish Church of Saint Mary and All Saints. The committee aims to ensure that the churchyard remains a dignified, peaceful, and well-kept space for remembrance and reflection.
